PRODUCT BULLETIN: PB#B3003

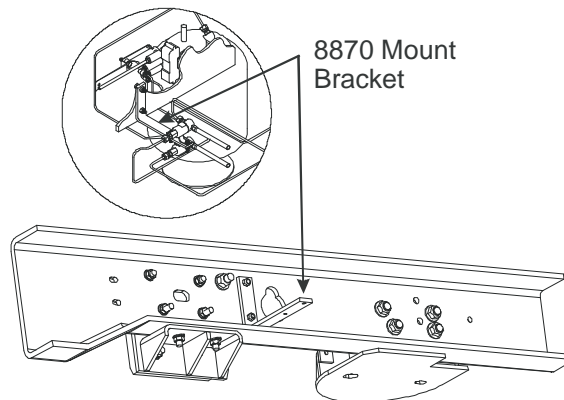

DATE: February 18, 2003
REF: RD975F and RD11KF
SUBJECT: Installation of Air Dump Valves
EFFECTIVE: Immediately

In order to bring the RD975F and RD11KF in line with the rest of the RD series, Tuthill Transport Technologies is removing the air dump valve mounting brackets from the upper air spring mounts.

Bracket being removed

Tuthill recommends mounting the air dump valves inside of the frame rails, utilizing the 8870 bracket. The 8870 bracket is provided with Tuthill supplied air control kits.

For detailed assistance, please contact your Tuthill Transport Technologies Account Manager at 800-255-7824.
