

**PRODUCT BULLETIN #PB-CA121302**

**DATE:** December 13, 2002

**REF: AR Series Suspension**

**25AR UU**

**ECR #13820**

***Dear Valued Customers:***

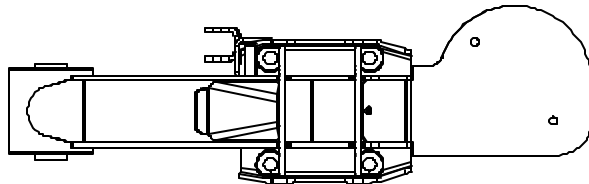

Please be advised that you can expect to see a different trailing beam on your next orders for 25ARUU suspensions.

The axle clamp brackets will now be the same length on both sides of the trailing beam. Previously, they came with a long and short clamp bracket.

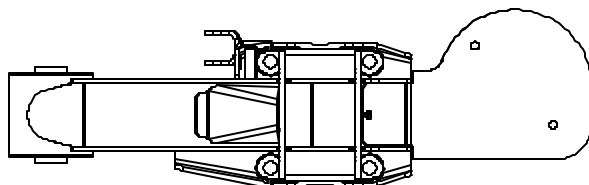

This is effective immediately.

The part number for this component does not change.

The installation procedure and torque value will not be affected. Please continue to install as per our current installation instructions.

**EFFECTIVE  
IMMEDIATELY**

**PREVIOUS**
