

## PRODUCT BULLETIN #PB2045\_(Rev. B)

**DATE:** April 27, 2001  
**SUBJECT:** Improvement  
**EFFECTIVE:** Immediately (ECR #13046)

**REF: 30ARTUL-17**  
**AR Series Air Ride Suspension**

### Dear Valued Customer,

The jounce and rebound travel have been improved to offer better jounce. This is effective for both the 30ARTUL-17A and the 30ARTUL-17S.

#### ORIGINAL SPECS

JOUNCE (UP) 3.88" (98 mm)

REBOUND (DOWN) 3.44" (87 mm)

#### NEW SPECS

JOUNCE (UP) 4-1/16" (103 mm)

REBOUND (DOWN) 3-1/2" (89 mm)

Ordering numbers remain the same. ie: 30ARTUL-17A

Please note the changes in your price list for future reference.

#### COMPONENT CHANGES:

1) The front hanger is now longer.

2) The air spring plate is now shorter.

#### OLD P/N

24001-411 (LH)

24001-42 (RH)

25049-01 (LH)

25049-02 (RH)

#### NEW P/N

24001-511 (LH)

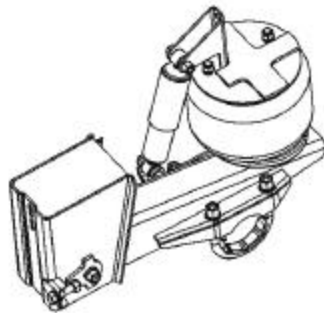

24001-52 (RH)

702418-01 (LH)

702418-02 (RH)

Please make the changes to your parts books, to identify old style to new style suspensions.
